(Established under section 15 of the Defence Production Act)

AUDITOR GENERAL OF CANADA
Ottawa, Ontario
August 11, 1978

THE HONOURABLE JEAN-PIERRE GOYER, P.C., LL.B., M.P.,
MINISTER OF SUPPLY AND SERVICES,
OTTAWA, ONTARIO.

I have examined the balance sheet of the Defence Production Revolving Fund as at March 31, 1978 and the statements of operations, retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances, except as explained below.

As described in Note 5 to the financial statements, a legal suit has been filed against a supplier for the recovery of a loan for \$1.7 million. The ultimate outcome of the litigation is uncertain at this time and I was unable to satisfy myself as to the collectibility of the loan.

In my opinion, subject to the effect of any adjustment which might have been required as a result of the matters referred to in the preceding paragraph, these financial statements present fairly the financial position of the Fund as at March 31, 1978 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied, after giving retroactive effect to the change in the method of accounting for revenue referred to in Note 3 to the financial statements, on a basis consistent with that of the preceding year.

RHÉAL CHATELAIN
*Deputy Auditor General
for the Auditor General of Canada*

BALANCE SHEET AS AT MARCH 31, 1978

Appendix 1—Concluded**Defence Production Revolving Fund—Concluded****NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1978****1. Objectives and operations of the Fund**

The Defence Production Revolving Fund has been authorized by Section 15 of the Defence Production Act with authority to draw funds from the Consolidated Revenue Fund up to \$100 million. The Fund is a working capital advance as defined in the instructions contained in Treasury Board Circular 1970-7.

The objectives of the Fund are as follows:

- (a) to finance the stockpiling of defence supplies or strategic materials;
- (b) to make loans or advances to aid in defence procurement such as working capital loans as advance payments on contracts but not including loans or advance payments for capital purposes; and
- (c) to permit initial payments for defence supplies which can be promptly billed to a government department, agency or an associated government in advance of delivery of goods.

Retained earnings are transferred to Canada as non-tax revenue. Reimbursement of a deficit is contingent upon a parliamentary appropriation.

Interest is not charged on working capital advances to the Fund.

2. Significant accounting policies**(a) Progress billings**

Progress payments and accrued liabilities to suppliers for defence supplies requisitioned by government departments or agencies and located on the suppliers' premises are recorded in the accounts as progress billings from suppliers. Under the terms of the contracts, the suppliers are liable to the Fund until delivery takes place.

Billings to customers for these defence supplies which have not yet been delivered are recorded in the accounts as progress billings to customers.

(b) Inventories

Inventories consist of stockpiled defence supplies and component items purchased from suppliers and delivered to a prime contractor as government supplied materials for inclusion in finished products. Inventories are valued at the lower of cost and replacement cost.

Component items valued at \$7,409,361 are included in inventories in 1978. Previously, the costs of these components were included with progress billings from suppliers. The comparative figures for 1977 are not available.

3. Change in accounting policy—Revenue recognition

During the year, the Fund adopted the policy of recognizing all sales when finished products are delivered to customers. Previously, sales of defence supplies were recorded when materials were delivered or progress payments were made or accrued to suppliers. The change had the effect, in 1978, of decreasing accrued revenue and progress billings to customers by \$875,722 and of decreasing sales and cost of sales by \$10,182,061. This change in policy has been applied retroactively and the previous years' financial statements have been restated accordingly. For the year ended March 31, 1977, accrued revenue has been decreased by \$6,740,359, progress billings from suppliers by \$3,389,343, progress billings to customers by \$10,129,702 and sales and cost of sales by \$15,137,767.

4. Accrued revenue

This represents shipments of finished goods to March 31 that were not invoiced to customers by that date.

5. Loan receivable

This represents the balance of a 1972 non interest-bearing loan, the due date of which is in dispute. Legal counsel is of the opinion that the loan was due on August 4, 1976 and that there will be no loss to the Fund.

6. Long-term receivable

In accordance with the terms of an agreement, collection of the long-term receivable is dependent on the recipient's ability to make sales. Should the sales be insufficient to retire the debt, any balance owing will be recovered from the Department of National Defence.

7. Comparative figures

Comparative figures have been reclassified to conform to the current year's presentation.

Appendix 2

The Supply Revolving Fund

(Authorized by Supply and Services Vote L6d, Appropriation Act No. 1, 1975 as amended)

AUDITOR GENERAL OF CANADA
Ottawa, Ontario
September 15, 1978

THE HONOURABLE JEAN-PIERRE GOYER, P.C., LL.B., M.P.,
MINISTER OF SUPPLY AND SERVICES,
OTTAWA, ONTARIO.

I have examined the balance sheet of the Supply Revolving Fund as at March 31, 1978 and the statements of operations, retained earnings, changes in financial position and contributed capital for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

As described in Note 2(a)(i), to the financial statements, revenue arising from the negotiation and administration of certain acquisition contracts on behalf of departments and agencies is recorded evenly over periods of up to 36 months after the date of contract award. The period in which revenues are recognized does not necessarily correspond to the period in which costs related to the same contracts are included in the accounts. Costs, including those arising prior to the awarding of contracts, are charged to expense in the year in which they are incurred. At March 31, 1978, deferred acquisition service revenue arising from the application of this recording method amounted to \$14.6 million and included amounts which should have been recognized as revenue during the year. The Fund has not determined

the extent of overstatement of deferred acquisition service revenue and the corresponding understatement of retained earnings on the balance sheet.

As described in Note 5 to the financial statements, all leasehold improvement costs have been charged to the operations of the Fund for the current year and not amortized over their useful life.

As described in Note 3 to the financial statements, the Fund has changed its method of accounting for inventories by including published government specifications and standards. I was unable to verify the accuracy of the amount of these inventories at April 1, 1977.

In my opinion, except for:

- the failure to recognize earned revenue as described in the third preceding paragraph, and
- the failure to amortize leasehold improvement costs over their useful life as described in the second preceding paragraph, and
- any adjustment which might have been required had I been able to verify the inventories of the specifications and standards as referred to in the preceding paragraph, and
- the failure to record a provision for employee benefits as described in Note 2(a)(ii) to the financial statements,

these financial statements present fairly the financial position of the Fund as at March 31, 1978 and the results of its operations and the change in its financial position for the year then ended in accordance with generally accepted accounting principles applied, after giving retroactive effect to the change in accounting for specifications and standards inventories referred to in Note 3 to the financial statements, on a basis consistent with that of the preceding year.

Appendix 2—Continued

Supply Revolving Fund—Continued

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1978

1. Purpose and authority

The objective of the Fund is to acquire and provide, in the most economical manner, goods, printing, publishing, exhibits and displays and related services required by departments and agencies taking into account the contribution of procurement to the realization of national objectives.

The Supply Revolving Fund was authorized by Supply and Services Vote L6d, Appropriation Act No. 1 1975. Amendments to the appropriation authorized that the operations of the Supply Revolving Fund be combined with the operations of the Printing Revolving Fund effective April 1, 1975, with the Publishing Revolving Fund effective April 1, 1976 and with the Expositions Revolving Fund effective April 1, 1977.

The Supply Revolving Fund has an authorized working capital limit of \$75,000,000. Fixed assets are financed by loan votes.

2. Significant accounting policies

(a) Revenue and expense

Revenue and expense are recorded on the accrual basis of accounting with the following variations:

- (i) The accrual policy for recording certain revenue in the Science and Engineering Procurement Service is based on detailed and validated statistical analysis of the procurement workload. This policy was implemented to avoid expensive record keeping while respecting the need for adherence to the generally accepted accounting principle of matching costs and revenue. Contracts ranging in value from \$200,000 to \$1,000,000 require 18 months on average to complete and revenue is recorded evenly over 18 months commencing the month the contract is awarded. Contracts with a value in excess of \$1,000,000 require 36 months on average to complete and revenue is recorded evenly over 36 months commencing the month the contract is awarded. Certain other large contracts are administered on a project management basis and the actual cost of the project is recorded as revenue in each accounting period over the entire life of the project. Management recognizes that some revenue is earned prior to the contract award date but is of the opinion that the accounting principle of matching costs and revenue is not seriously violated since on average, revenue will be accruing on other contracts that have been completed.

- (ii) Employee benefits are expensed in the period in which the payments are made. The unaccrued liability at March 31, 1978 has been estimated at \$20,321,000 for employee termination benefits (\$15,700,000 in 1977) and \$3,426,000 for vacation pay (not available in 1977).

- (b) Depreciation
Depreciation is calculated on a straight-line basis over the estimated useful life of the fixed assets, generally 5 to 10 years.

(c) Inventories

Inventories of supplies and printing materials are valued at the lower of cost and replacement cost. Inventories of work in process and finished products (publications) are valued at the lower of cost and net realizable value.

(d) EDP equipment contracts receivable

The Treasury Board, on March 2, 1976, authorized the Supply Revolving Fund to purchase, through a Capital Loan Vote, designated EDP equipment approved by Treasury Board for client departments. The capital, interest and any other costs are recoverable from departments over a one to five year period. These transactions have been recorded as accounts receivable (title to the equipment remains with the

Supply Revolving Fund) and the original cost of the equipment, less capital repayments due or paid by client departments to March 31, 1978, has been shown as current and long-term assets on the Balance Sheet.

3. Change in accounting policy

During the year the Fund adopted the policy of recording published government specifications and standards as a stocked item supply inventory. Previously, their cost was charged to administrative and general expenses. The change had the effect in 1978 of increasing inventories and amount due to Canada by \$529,000 and of decreasing administrative and general expenses by \$29,000. The change has been applied retroactively and the previous year's financial statements have been restated accordingly. For the year ended March 31, 1977 inventories and due to Canada have been increased by \$500,000; administrative and general expenses have not been changed because the values of the inventories at the beginning and end of the year were equal. The opening retained earnings for the year ended March 31, 1977 has also been restated to reflect this change in accounting policy.

4. Long-term debt

	1978	1977
	\$	\$
(a) Advances from Canada for working capital	54,402,428	47,452,532
The amount charged to the Supply Revolving Fund at any time shall not exceed seventy five million dollars. Interest on the outstanding balance is calculated monthly at 8 5/8% per annum (8 7/8 in 1977).		
(b) Funds for replacement of capital assets	(160,001)	(170,946)
The Supply Revolving Fund may repay capital loans or purchase fixed assets through the Consolidated Revenue Fund to the extent of depreciation on fixed assets charged to operations. These amounts represent the remaining funds at March 31 available for this purpose.		
	54,242,427	47,281,586
(c) Advances from Canada for fixed assets and EDP equipment	14,678,589	10,295,212
These amounts have been authorized by the Treasury Board for the purchase of fixed assets. Interest is calculated monthly on the outstanding balance at varying rates (7-10%). The advances are repayable as follows:		
	\$	
1979	4,568,202	
1980	4,196,667	
1981	3,988,219	
1982	1,284,539	
1983	640,962	
	14,678,589	
(d) Current portion of debt	(4,568,202)	(3,882,632)
Long-term debt	64,352,814	53,694,166

5. Leasehold improvement costs

The leasehold improvement costs of \$623,134 for the year ended March 31, 1978 for areas occupied in the new Department of Supply and Services Headquarters Building were charged to operations on the advice of Treasury Board. Parliament voted the necessary funds (50% in 1975-76 and 50% in 1976-77), however, delays in the Department of Public Works' building program precluded the expenditure of the voted funds in the appropriate years.

6. Merging of the Supply Revolving Fund and the Expositions Revolving Fund

Appendix 2—Concluded**Supply Revolving Fund—Concluded**

Supplementary Estimates (A) 1977-78 provided funds for the reimbursement of the estimated loss to September 30, 1977 of the Expositions Revolving Fund in the amount of \$1,000,000. Supplementary Estimates (B) 1977-78 provided for the transfer of the Expositions Revolving Fund loss, incurred between October 1, 1977 and March 31, 1978, not exceeding \$500,000, to the Supply Revolving Fund. The merger had the effect of decreasing net income for 1978 by \$975,307 and of decreasing the amount due to Canada by \$272,906. The previous year's financial statements have been restated accordingly. The income for the year ended March 31, 1977 has been decreased by \$2,097,599 and the amount due to Canada has been decreased by \$297,599. There was no change in retained earnings because amounts in excess of \$3,000,000 are transferable to Canada.

7. Restatement of prior year's figures

The 1977 figures have been restated to conform to the 1978 presentation.

8. Insurance

The Supply Revolving Fund does not carry insurance on either its own property or the property of others held in its warehousing operations. This is in accordance with the government's policy of self insurance.

TRANSPORT

Department

Objectives

DEPARTMENTAL ADMINISTRATION PROGRAM

- To ensure that national transportation policy influences and responds to the objectives and programs of the private and public sectors; to provide central executive direction in the areas of policy, planning, finance and personnel management to all components of the Ministry; and to co-ordinate their operations and to provide them with efficient advisory and administrative support services.

MARINE AND AIR TRANSPORTATION PROGRAMS

- To provide facilities and to foster the optimum development of these modes of transport, consistent with the protection of the environment, on a cost-recoverable basis to the maximum practicable extent.

SURFACE TRANSPORTATION PROGRAM

- To foster the optimum development of the national surface transport system into an efficient modally integrated service, responsive to national economic and social goals, on a cost recoverable basis wherever practicable, providing equal treatment for equal users.

Atlantic Pilotage Authority

Great Lakes Pilotage Authority, Ltd.

Laurentian Pilotage Authority

Pacific Pilotage Authority

Objective

- To ensure the safe and orderly passage of Canadian and foreign vessels through the Canadian territorial waters assigned to the Authorities on a cost-recoverable basis to the maximum practicable extent.

Canadian Transport Commission

Objective

- To promote the co-ordination and harmonization of the operations of all carriers engaged in transport by railways, water, aircraft, extra-provincial motor vehicle transport and commodity pipelines through effective economic regulation, research and participation in policy development, and in the rail mode to foster optimum development of safety regulations consistent with the public interest.

National Harbours Board

St. Lawrence Seaway Authority

Objective

- These programs contribute to the objectives of the Marine Transportation Program.

Northern Transportation Company Limited

Objective

- To provide a general transportation service throughout Northern Canada and the Arctic, together with related intermodal services.

Note: In 1977-78 the employer contribution to the Unemployment Insurance Account in respect of Government employees was charged to each department. In previous years the cost was entirely reflected in Treasury Board's budgetary expenditures.

For comparative purposes the 1976-77 figures have been adjusted.

Appendix 2

Airports Revolving Fund

(Authorized by Vote L160, Appropriation Act No. 3, 1969, 1968-69, c. 36)

AUDITOR GENERAL OF CANADA

Ottawa Ontario

August 18, 1978

THE HONOURABLE OTTO E. LANG, P.C., M.P.,
MINISTER OF TRANSPORT,
OTTAWA, ONTARIO.

I have examined the balance sheet of the Airports Revolving Fund as at March 31, 1978, and the statements of operations, retained earnings, contributed capital and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

As explained in Note 4 to the financial statements, all development costs, including interest on the land acquired, for the Pickering Airport Project have been capitalized in the accounts. The construction of an international airport at Pickering has been indefinitely deferred pursuant to a cabinet decision and, accordingly, in my opinion, it is no longer appropriate to continue to capitalize and reflect these costs as an asset. Had these costs not been capitalized, other assets and retained earnings would have been decreased by \$54,733,000, and the loss for the year would have been increased by \$10,699,000.

The Mirabel Airport incurred a loss of \$51,548,000 for the year ended March 31, 1978, resulting in accumulated losses of \$119,751,000 since its opening in 1975. Management also advises that substantial losses are anticipated within the foreseeable future and that due to the magnitude of these losses continued financial support by Parliament is essential to the survival of the Airports Revolving Fund. Recovery of the investment of \$291,654,000 in facilities and equipment at Mirabel is dependent on the success of future operations.

As detailed in Note 6 to the financial statements, no provision has been made in the accounts for termination benefits accruing to employees of the Canadian Air Transportation Administration operating the airports financed through the Airports Revolving Fund. The amount of the liability as at March 31, 1978 has not been calculated.

In my opinion, except for the effect of capitalizing development costs on the cancelled Pickering project and the failure to record accrued employee termination benefits, and subject to the recovery of the cost of the facilities at Mirabel Airport referred to above, these financial statements present fairly the financial position of the Fund as at March 31, 1978 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

RHÉAL CHATELAIN

Deputy Auditor General

for the Auditor General of Canada

Balance at beginning of the year	175,374,349	175,374,349
Increase in contributed capital (Note 8)	356,214	
Balance at end of the year	175,730,563	175,374,349

The accompanying notes are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1978

1. Authority and funding arrangements

The Airports Revolving Fund was established in 1969 for the purpose of financing the operation and development of certain airports. The Fund comprises the accounts of the international airports at Dorval, Mirabel, Toronto and Vancouver and the land which was acquired at Pickering, Ontario, for the purpose of constructing an airport.

The Fund is authorized to borrow up to \$3,000,000 for working capital from Canada and is entitled to carry forward any earnings from operations for use in the acquisition of capital assets.

Consolidated Revenue Fund

The Consolidated Revenue Fund is the central account through which all government receipts and disbursements flow. All cash transactions of the Airports Revolving Fund are therefore made through the Consolidated Revenue Fund. By virtue of the Airports Revolving Fund's mandate, it receives credit for all revenues generated and is empowered to borrow funds from the Consolidated Revenue Fund for any revenue shortfalls.

2. Significant Accounting Policies

(a) Accrued revenue

Accrued revenue represents the estimated amount of revenue earned for services rendered but not billed at the year-end.

(b) Inventory

Inventory of materials and supplies maintained for repair and maintenance purposes at the airports is carried at the lower of cost or replacement value.

(c) Fixed assets

Fixed assets are recorded at cost, except those transferred to the Fund which were recorded at appraisal values established by Transport Canada in accordance with Treasury Board Circular 1970-7 of January 8, 1970.

(d) Airport development cost

Project administration costs, including interest during construction, incurred during the construction of new airports are capitalized and included in airport development costs to the extent that these costs are not readily identifiable with specific capital items.

(e) Land acquired for Pickering development

The cost of land acquired at Pickering includes the continuing administration cost and grants in lieu of taxes associated with this land. Rentals and other revenue received from this land is deducted from the total cost.

(f) Depreciation

Depreciation is charged, on a straight line method, based on the estimated useful life of the assets.

The depreciation rates used for the major classes of assets are as follows:

Runways and other surfaces	3.3%	—	7.5%
Terminal and facilities	4.0%	—	10.0%
Machinery	3.3%	—	5.0%
Equipment—static	5.0%	—	9.0%
—mobile	6.0%	—	18.0%
Development costs (excluding interest)	10.0%		
Capitalized interest	4.2%		

(g) Contributed capital

Amounts representing working capital and the values assigned to assets transferred to the Fund, from Canada, are shown as contributed capital.

Appendix 2—Concluded

Airports Revolving Fund—Concluded

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1978—Concluded

(h) Regional and Headquarters overhead

Regional and Headquarters overhead reflects the expenditures incurred by the Canadian Air Transportation Administration in providing technical and administrative services to the Fund. These expenditures are not readily identifiable with specific services and are applied to the Fund as a percentage of the direct operating and maintenance expenses.

(i) Pension Plan

Employees of the Canadian Air Transportation Administration operating the airports financed through the Airports Revolving Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and supplementary Retirement Benefits Account.

3. Fixed assets

Not included in the land cost is additional compensation totaling \$13,823,273 paid by Transport Canada, on an ex gratia basis, to former owners of expropriated properties of Mirabel airport. This amount will not be charged to the Fund.

4. Deferred Pickering development cost

Deferred development cost related to the Pickering Airport Project is composed of the following:

	1978	1977
	\$	\$
Planning, site preparation and related cost..	17,164,000	16,931,000
Interest cost:		
prior to deferral of project	17,749,000	17,749,000
subsequent to deferral of project	19,820,000	9,121,000
	<u>54,733,000</u>	<u>43,801,000</u>

Deferred development costs capitalized amounted to \$10,932,000 in 1977/78 and to \$9,249,000 in 1976/77. Construction at the airport has been indefinitely deferred pursuant to a Cabinet decision made in September 1975.

5. Loans from Canada

Loans received are for capital and operating purposes in current and subsequent fiscal years. By their terms, loans must be repaid within twenty years and bear interest at rates set by the Minister of Finance. At present, annual principal payments are equal to the depreciation in the accounts of the Fund in the previous year. Interest rates vary from 7 3/4% to 9 3/4% per annum. During the year, interest amounted to \$46,532,064 of which \$10,699,337 was capitalized.

The loan transactions for the period were as follows:

	1978	1977
	\$	\$
Balance, beginning of the year	553,182,667	488,529,766
Loans received during the year	87,001,518	82,352,409
	<u>640,184,185</u>	<u>570,882,175</u>
Repayment of principal	29,090,779	17,699,508
Balance, end of year	611,093,406	553,182,667
Loans due within one year	32,871,113	28,912,044
Long-term loans from Canada	<u>578,222,293</u>	<u>524,270,623</u>

Estimated long-term loan repayment requirements over the next five years amount to \$32,900,000 in 1978/79, \$34,100,000 in 1979/80, \$35,400,000 in 1980/81, \$37,400,000 in 1981/82 and \$39,700,000 in 1982/83.

6. Termination benefits

Termination benefits accrue to employees of the Canadian Air Transportation Administration operating the airports financed through the Airports Revolving Fund. Payment of these benefits is made to the employees on separation or retirement and is expensed by the Fund when paid. No provision has been made in the accounts for benefits accruing to employees as at March 31, 1978. The amount of the liability has not been calculated.

7. Grants in lieu of taxes

Municipal taxes imposed on airports operating in the Fund are paid by the Department of Finance to the municipalities in the form of a grant and recovered from the Fund

8. Contributed capital

The increase in contributed capital of \$356,214 represents the net book value of assets transferred to the Fund during the year which were originally financed through budgetary appropriations.

9. Expropriation proceedings

The Fund has initiated expropriation proceedings to acquire certain properties. While final determinations have not been made, it has been estimated that further payments of \$27,000,000 may be required to complete these acquisitions. The accounts at March 31, 1978 do not provide for such future payments.

10. Contractual liability

The Airports Revolving Fund was committed to expenditures totalling approximately \$18,400,000 under fixed assets construction contracts as at March 31, 1978 for the following airports:

	\$
Toronto (Malton) International Airport	12,800,000
Vancouver International Airport	5,600,000
	<u>18,400,000</u>

11. Services provided without charge

The Department of Transport provides Revolving Fund airports with certain essential operating support including air traffic control and telecommunication and electronic services. No charge is made to the Fund for these services at the present time.

12. Comparative figures

Certain figures for the prior years were reclassified to conform with the current year presentation.

	\$
Landing Fees	33,480
Rental and Concession Fees	68,355
Air Transportation Tax	49,144
Other	1,394
	152,373

Appendix 3—Concluded

Transport Canada—Concluded

NOTES

- (1) The above financial statements include the Department's investment in airports which it does not operate, so as to reflect its total investment.
- (2) The above statements have been prepared on an accrual basis. A reconciliation of these figures with cash revenues and expenditures included in the details of Vote 15 and Vote L30 follows:

	(\$000's)	
	Revenues	Expenditures
Accrued Totals	212,650	356,916
Adjustments:		
Non-cash Items	(2,032)	(232,692)
Revolving Fund Overhead, Grants in Lieu of Taxes and Employee Fringe Benefits		27,833
Cash Totals	210,618	152,057

- (3) Depreciation is charged at 3 1/2% on hard-surfaced runways, 4% on terminal buildings, and on other assets ranges from 5% to 20%.
- (4) The other overheads included provision for interest on investment, administrative overhead, and employee fringe benefits.
- (5) Revenues and expenditures, which are applicable to the Airports Revolving fund for Montreal, Mirabel, Toronto and Vancouver International Airports, have been included in this statement in order to show operating results on a basis comparable with the previous year.

TREASURY BOARD

Objectives

CENTRAL ADMINISTRATION OF THE PUBLIC SERVICE PROGRAM

- In accordance with the responsibility delegated by the Privy Council as set out in the Financial Administration Act:
- the selection of programs and projects that will achieve the objectives of the Government in the most effective manner and in accordance with its priorities.
- the efficient use of manpower and material resources by departments and agencies in the operation of their programs and projects.

GOVERNMENT CONTINGENCIES AND CENTRALLY FINANCED PROGRAMS

- To provide for unforeseen and urgent expenditures which arise after the Main Estimates have been tabled; to provide funds for centrally managed programs.

EMPLOYER CONTRIBUTIONS TO INSURANCE PLANS PROGRAM

- Provision of the Government's contribution, as the employer, to employee insurance plans and for payments made under certain residual pension plans.

TEMPORARY ASSIGNMENTS PROGRAM

- To provide in response to departmental and agency demands highly qualified analysts to assist, on a temporary basis, in policy reviews and similar activities.

SPECIAL PROGRAM

- To provide for payment of contributions to OPCAN.

Note: In 1977-78 the employer contribution to the Unemployment Insurance Account in respect of Government employees was charged to each department. In previous years the cost was entirely reflected in Treasury Board's budgetary expenditures.

For comparative purposes the 1976-77 figures have been adjusted.

	9,329,181,763 72	8,428,227,230 01

(a) Amounts equal to one month's pay for each year of pensionable service, not exceeding ten.

(b) Amounts paid to contributors' estates or in certain cases to payees authorized by Treasury Board where there is no one to whom an allowance provided by the Act may be paid and where the amounts already paid are less than the amounts contributed.

Note: Amendments to the superannuation regulations provided for the calculation of interest at a revised rate (related to the Canada Pension Plan interest rate) commencing with the quarter ended September 30, 1969. The Act provides that the amount, by which the interest calculated at the revised rates exceeds the amount of interest calculated at the rate used in the latest actuarial report, may be used to reduce the amortization of actuarial deficiencies. During 1977-78, the additional interest amounted to \$279,246,686.31 and was charged to interest on the public debt and credited to the annual amortization charge of actuarial deficiencies.

URBAN AFFAIRS

Ministry of State

Objective

- To ensure that federal policies and programs contribute to the optimum pattern and quality of urban development in Canada.

Canadian Habitat Secretariat

Objective

- To prepare for, participate in and host the United Nations Conference on Human Settlements.

Central Mortgage and Housing Corporation

Objectives

- To promote the construction of new houses, the repair and modernization of existing houses, and the improvement of housing and living conditions in Canada. To promote the development of communities through the provision of infrastructure facilities.

National Capital Commission

Objective

- To develop the National Capital Region as a symbol of identity for all Canadians.

Note: In 1977-78 the employer contribution to the Unemployment Insurance Account in respect of Government employees was charged to each department. In previous years the cost was entirely reflected in Treasury Board's budgetary expenditures.

For comparative purposes the 1976-77 figures have been adjusted.

VETERANS AFFAIRS

Objectives

ADMINISTRATION PROGRAM

- To provide executive direction and certain common administrative and professional services to the Department as a whole.

VETERANS SERVICES PROGRAM

- To provide assistance to veterans and certain civilians who are unable to provide for their maintenance.
- To provide sheltered employment by production and sale of Vetcraft products.

PENSIONS PROGRAM

- To provide service-related death and disability pensions to ex-members of the armed forces or their dependants.

BUREAU OF PENSIONS ADVOCATES PROGRAM

- To provide an independent professional legal aid service to persons seeking to establish claims under the Pension Act and allied statutes and orders.

TREATMENT SERVICES PROGRAM

- To provide medical services for qualified veterans suffering from service-connected disabilities.

VETERANS' LAND ADMINISTRATION PROGRAM

- To enable veterans, or their heirs, devisees or personal representatives, to acquire title to the properties on which the veterans have been settled under the farming, small holding, commercial fishing or homesteading provisions of the Veterans' Land Act.

Note: In 1977-78 the employer contribution to the Unemployment Insurance Account in respect of Government employees was charged to each department. In previous years the cost was entirely reflected in Treasury Board's budgetary expenditures.

For comparative purposes the 1976-77 figures have been adjusted.

In 1977-78 the authority to spend revenue received from the private sector was discontinued.

For comparative purposes the 1976-77 figures for the Treatment Services Program have been adjusted.

Statement of accounts receivable by department and agency	30.2
Notes to statement of accounts receivable	30.5
Deletions from accounts receivable by department and agency	30.7

[illegible]

Notes to Statement of Accounts Receivable

NOTE A—CONSUMER AND CORPORATE AFFAIRS

By virtue of section 118 of the Bankruptcy Act, the Superintendent is entitled to a two per cent levy for the purpose of defraying administrative expenses. The dollar amount indicated represents shares and certificates (inactive) received by the Superintendent as levy payments at the close of the relevant bankruptcies. The listed value is not at the current market rates but rather the par value at time of acquisition. Also included are three promissory notes obtained under the same conditions.

NOTE B—NATIONAL REVENUE—CUSTOMS AND EXCISE

The total receivables represent 22,364 accounts and consist of:

	Customs	Excise	Total
	\$	\$	\$
Active and Collectable	13,062,108	10,009,161	23,071,269
This amount represents current debts on which collection action is presently being taken, and represents 14,851 accounts.			
Disputed—Under Appeal	9,132,816	2,793,714	11,926,530
There are 6,365 accounts which have been disputed or are under appeal as provided for under governing acts and regulations.			
Bankruptcies	265,365	5,592,200	5,857,565
There are 738 accounts where an official assignment or receiving order has been filed under the Bankruptcy Act.			
Uncollectable	285,172	1,103,739	1,388,911
These are debts on which all avenues of collection have been exhausted and which are awaiting authority for deletion, or are in the process of being submitted to the Departmental Uncollectable Committee for review. There are 410 such debts.			
	22,745,461	19,498,814	42,244,275

Notes to Statement of Accounts Receivable—Concluded

NOTE C—NATIONAL REVENUE—TAXATION

The total receivables amounted to \$1,128,827,848 and consisted of 765,871 accounts:

	Collectable		Uncollectable		Total

Miscellaneous Payments by Province	34.2
Federal-Provincial Shared-Cost Programs by Province.....	34.102

MISCELLANEOUS PAYMENTS BY PROVINCE FINANCE

SUBSIDIES AND OTHER PAYMENTS TO PROVINCES

Payments to provincial governments under the British North America Act, the Federal-Provincial Fiscal Arrangements Act and other statutory authority.

Subsidies to provinces (British North America Act 1867 to 1952 and other statutory authority)

Subsidies.....(10)	34,076,279
Payments of subsidies to provinces are shown in the first column of the statement following the last sub-vote of this category. Details will be found in appendix 2 to this section.	

Payments to provinces as provided under the Federal-Provincial Fiscal Arrangements Act 1967, c. 89, 1967 and the Federal-Provincial Fiscal Arrangements Act 1972, c. 8, 1972 and the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act 1977

Payments.....(10)	3,045,830,025
-------------------	---------------

Under the provisions of the Federal-Provincial Arrangements Act, the Minister of Finance was authorized, where applicable, to pay to each province a tax equalization payment, a provincial tax revenue guarantee, and 20% of the federal tax under Part IX of the Income Tax Act.

For the fiscal period 1972-78, the federal government undertook to pay equalization to all provinces that have an overall fiscal capacity deficiency (i.e. the revenue base applicable to each province for each revenue source is less overall than their share of the population). The equalization payable to such provinces is the sum of the amounts derived by multiplying for each revenue source the revenue of all provinces for that source by the aforementioned fiscal capacity indices appropriate to each revenue source. The federal government undertook for the same period to stabilize net general revenues of each province at 100% of their yield for the previous year; to pay those provinces whose income tax law and rates were converted to conform to the new federal income tax structure adopted as of January 1, 1972 the amount of any revenue loss suffered by such conversion, and 20% of the federal Part IX tax on the post-tax reform distribution by corporations of income accumulated prior to tax reform.

A distribution by provinces appears in the second column of the statement following the last sub-vote of this category.

Payments to Quebec as provided under the Established Programs (Interim Arrangements) Act, c. 54, 1964-65, and the Federal-Provincial Fiscal Revision Act, c. 26, 1964

Hospital Insurance and Diagnostic Services Act.....	97,229,248
Special welfare program comprising the Blind Persons Act, Disabled Persons Act, Unemployment Assistance Act and Canada Assistance Plan.....	365,075,352
Youth Allowances.....	-122,539,829
Expenditures.....	339,764,771

The Established Programs (Interim Arrangements) Act, 1964-65 stipulates that where a province that

is participating in a program enumerated in schedule I of the Act, as amended, desires to have that program become a program that is to be wholly administered and financed by the province the appropriate Minister and the Minister of Finance, with the approval of the Governor-In-Council and notwithstanding any provision of the authorizing instrument or any regulation made thereunder or in respect thereto, may together enter into a supplementary agreement on behalf of the Government of Canada with the province for the purpose of enabling the province to assume responsibility for that program. Where a province has entered into a supplementary agreement with respect to a standing program, the Minister of Finance may pay to that province an operating cost adjustment payment computed in accordance with section 7 in respect of a year for which an additional tax abatement has been provided under this Act in respect of that province. Quebec was the only province which entered into such an agreement.

The Federal-Provincial Fiscal Revision Act, 1964, c. 26, section 6, amended the Youth Allowances Act to provide that, where in any fiscal year commencing on or after April 1, 1964, the federal savings in respect of a province providing schooling allowances exceeds the federal revenue abatement in respect of that province for the taxation year ending in that fiscal year, the Minister of Finance may, out of the consolidated revenue fund, pay to that province in respect of that fiscal year an amount equal to the excess. It also provides that, where the federal savings in respect of a province providing schooling allowance is less than the federal revenue abatement, the Minister of Finance may deduct the amount by which the federal revenue abatement exceeds the federal savings from any payment to that province. Quebec being the only province providing schooling allowances in 1964, was the only province accorded a tax abatement in lieu of federal youth allowances being paid its 16 and 17 year olds. On the federal family allowances program being extended as of January 1, 1974 to embrace 16 and 17 years. Quebec discontinued its schooling allowance program and the full value of the tax abatement associated with the latter program is recovered from that province.

An amount of \$122,539,829 was recovered by an equivalent deduction from monies payable to Quebec in the current fiscal year under the Federal-Provincial Fiscal Arrangements Act and the Established Programs (Interim Arrangements) Act, as provided under the Federal-Provincial Fiscal Revision Act 1964 as amended by section 7 of the Statutes of Canada 1973-74, c. 45.

MANPOWER AND IMMIGRATION

Payments to Municipal and other public bodies, community organizations and private groups, and corporations, partnerships and individuals in accordance with agreements entered into between the Minister and such bodies in respect of projects undertaken by them for the purposes of providing employment to unemployed workers and contributing to the betterment of the community.

The following payments were made on a provincial and territorial basis: Newfoundland \$34,870,464, Nova Scotia \$19,462,110, Prince Edward Island \$6,403,238, New Brunswick \$24,000,622, Quebec \$98,204,812, Ontario \$33,641,887, Manitoba \$10,495,654, Saskatchewan \$9,096,119, Alberta \$6,980,496, Northwest Territories \$2,685,018, British Columbia \$27,866,267, Yukon Territory \$993,009.

Payments to provinces, transportation companies and individuals under agreements entered into by the Minister of Manpower and Immigration with the Provinces subject to approval of the Governor in Council and with corporations or individuals acting as Managers of Farm Labour Pools for the organization and use of workers for farming and related industries, including undischarged commitments under previous agreements.

The following payments were made on a provincial basis: Nova Scotia \$121,574, Prince Edward Island \$115,868, New Brunswick \$85,521, Quebec \$794,961, Ontario \$1,161,160, Manitoba \$414,305, Saskatchewan \$338,036, Alberta \$512,213, British Columbia \$335,672.

Payments under the provisions of Sections 5 and 6 of the Adult Occupational Training Act providing training in an occupational training course.

The following payments were made on a provincial and territorial basis: Newfoundland \$13,461,093, Nova Scotia \$13,763,999, Prince Edward Island \$2,983,821, New Brunswick \$11,720,777, Quebec \$99,969,852, Ontario \$86,000,196, Manitoba \$11,818,714, Saskatchewan \$9,773,825, Alberta \$24,209,228, Northwest Territories \$831,550, British Columbia \$29,035,122, Yukon Territory \$1,100,846.

Payments of Training Allowances under Sections 7, 8 and 9 of the Adult Occupational Training Act to or in respect of persons who are being afforded occupational training under the Adult Occupational Training Act.

The following payments were made on a provincial and territorial basis: Newfoundland \$7,667,684, Nova Scotia \$9,294,519, Prince Edward Island \$1,793,246, New Brunswick \$7,455,038, Quebec \$48,522,920, Ontario \$59,072,138, Manitoba \$8,856,615, Saskatchewan \$6,504,209, Alberta \$16,097,645, Northwest Territories \$710,764, British Columbia \$18,743,749, Yukon Territory \$461,180.

Payments to employers under agreements entered into by the Minister of Manpower and Immigration with employers, groups or associations of such employers, and provinces in connection with the Canada Manpower Industrial Training Program.

The following payments were made on a provincial and territorial basis: Newfoundland \$2,230,200, Nova Scotia \$5,013,109, Prince Edward Island \$1,072,732, New Brunswick \$4,304,845, Quebec \$19,739,907, Ontario \$24,970,738, Manitoba \$3,094,351, Saskatchewan \$3,147,014, Alberta \$1,914,239, Northwest Territories \$505,403, British Columbia \$10,326,957, Yukon Territory \$401,992.

Payments to individuals under the Manpower Mobility Regulations, Section 6, Trainee Travel.

The following payments were made on a provincial and territorial basis: Newfoundland \$338,847, Nova Scotia \$425,251, Prince Edward Island \$93,702, New Brunswick \$353,206, Quebec \$999,428, Ontario \$1,790,278, Manitoba \$262,896, Saskatchewan \$227,143, Alberta \$335,440, Northwest Territories \$98,209, British Columbia \$680,142, Yukon Territory \$6,738.

Payments in accordance with regulations approved by the Governor in Council, to or in respect of persons who are moved from one place in Canada to another place in Canada in connection with the Manpower Mobility Program.

The following payments were made on a provincial and territorial basis: Newfoundland \$1,302,449, Nova Scotia \$721,905, Prince Edward Island \$26,476, New Brunswick \$537,325, Quebec \$3,428,200, Ontario \$2,303,821, Manitoba \$204,519, Saskatchewan \$154,347, Alberta \$197,397, Northwest Territories \$44,195, British Columbia \$1,414,388, Yukon Territory \$34,912.

Payments in accordance with regulations approved by the Governor in Council to Provinces, employers and workers in respect of Labour Mobility and Assessment Incentives.

The following payments were made on a provincial and territorial basis: Newfoundland \$42,490, Nova Scotia \$46,804, Prince Edward Island \$3,144, New Brunswick \$29,808, Quebec \$414,345, Ontario \$267,892, Manitoba \$14,227, Saskatchewan \$17,421, Alberta \$15,291, British Columbia \$351,404.

Payments in accordance with Section 10 of the Adult Occupational Training Act for Manpower Training Research Projects.

The following payments were made on a provincial basis: Prince Edward Island \$33,300, Quebec \$17,813, Ontario \$1,365, Saskatchewan \$1,493.

Payments to organizations or individuals in support of activities complementary to the Development and Utilization of Manpower.

The following payments were made on a provincial and territorial basis: Newfoundland \$1,225,278, Nova Scotia \$1,309,711, Prince Edward Island \$435,794, New Brunswick \$1,481,798, Quebec \$4,929,986, Ontario \$4,800,379, Manitoba \$1,886,915, Saskatchewan \$933,240, Alberta \$1,499,000, Northwest Territories \$550,032, British Columbia \$1,343,897, Yukon Territory \$18,589.

Payments to Provinces, organizations or individuals in support of activities complementary to the Development and Utilization of Manpower.

The following payments were made on a provincial basis: Newfoundland \$308,918, Nova Scotia \$635,760, Prince Edward Island \$206,043, New Brunswick \$339,361, Quebec \$2,629,928, Ontario \$3,388,045, Manitoba \$202,142, Saskatchewan \$307,266, Alberta \$189,797, British Columbia \$1,010,507.

Allotted by TB 748177 for Student Summer Employment Activities Program.

The following payments were made on a provincial basis: Newfoundland \$1,410,760, Nova Scotia \$1,626,595, Prince Edward Island \$150,995, New Brunswick \$1,356,025, Quebec \$9,406,508, Ontario \$6,417,905, Alberta \$758,388, British Columbia \$3,977,850, Yukon Territory \$89,190.

Allotted by TB 756038 for contribution to the Province of Ontario for the implementation of a "Creating a Career" Program.

The following payment was made on a provincial basis: Ontario \$160,000.

Grant to Frontier College of Canada

The following payment was made on a provincial basis: Ontario \$110,000.

Allotted by TB 754951 for Federal Labour Intensive Projects.

The following payments were made on a provincial basis: Quebec \$31,000, Ontario \$375,100.

Yukon Territory	59		59
Total	23,890	41,993	65,883

The Hospital Insurance and Diagnostic Services Act was established in 1957 to enable the payment of contributions by Canada in respect towards the cost of eligible hospital and diagnostic services incurred by the provinces. Agreements were made with all the provinces and territories, but under a federal-provincial agreement the province of Quebec subsequently opted out of the program in the fiscal year 1962-63.

The Medical Care Act was established in 1966 to authorize the payment by Canada of contributions towards the cost of insured medical care services incurred by the provinces pursuant to provincial medical insurance plans.

On April 1, 1977 the method of determining and paying of contributions in respect of the Medical Care Act and Hospital Insurance and Diagnostic Services Act were changed with the introduction of the Established Programs Financing arrangements included under Part VI of the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act, 1977. Federal contributions now take the form of a transfer of a predetermined number of tax points (and associated equalization) and, in addition, the payment of a predetermined base amount of cash escalated on the basis of growth of the G.N.P. and population. Consequently, the payments made during the fiscal year 1977-78 under the Medical Care Act and Hospital Insurance and Diagnostic Services Act reflect only the payment of costs incurred prior to April 1, 1977.

Effective April 1, 1977 the federal contributions in respect of Provincial and Territorial Health Care Services are included under the established programs financing arrangements found in Part VI of the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act, 1977. These contributions take the form of transfer of a predetermined number of tax points (and associated equalization) which are estimated at \$2.23 billion in 1977-78, together with the payment of a predetermined base amount of cash escalated on the basis of growth of the G.N.P. and population.

Total Fund	500,000	351,672	148,328

The Health Resources Fund Act was passed in 1966 to provide for the establishment of a Fund of up to 500 million dollars, to be used to contribute to provinces a portion of the cost of the planning, designing, acquiring, construction or renovating of a school, hospital or other institution to be used to improve the quantity, quality, education and utilization of personnel in the health professions and allied disciplines in order to meet the overall needs for trained people. The Fund covers costs incurred from January 1, 1966 to date and expires on December 31, 1980.

(1) The provinces which received these funds, for projects therein, were—Newfoundland \$10,500,000, Prince Edward Island \$10,000, Nova Scotia \$7,673,000, and New Brunswick \$1,995,000.

(2) The provinces which received these funds, for projects therein, were—Newfoundland \$7,048,000, Quebec \$5,384,000, Ontario \$2,081,000, Saskatchewan \$415,000 and British Columbia \$386,000.

The Canada Assistance Plan Act authorizes the government to enter into agreements with the provinces and territories for sharing the costs of social assistance provided to persons in need, and welfare services provided to persons in need or likely to be in need. The rate of the federal contribution is 50% of the eligible and shareable costs.

Effective April 1, 1977, the funding of most of the adult residential care covered by this program was transferred to the Health Care Program, where it is now financed under the extended health care services provisions of the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act, 1977.

⁽¹⁾ Except for work activity projects under Part III of the Act, the Province of Quebec has opted to receive funding for this program through the Established Programs (Interim Arrangements) Act. The amounts received by Quebec were:

SUMMARY OF PAYMENTS UNDER THE FAMILY ALLOWANCE ACT

Year ended March 31	Number of recipients (in thousands)	Number of children (in thousands)	Payments (in millions of dollars)
1974	3,344	7,249	946
1975	3,446	7,344	1,824
1976	3,510	7,312	1,957
1977	3,562	7,244	1,980
1978	3,595	7,140	2,122

Federal Family Allowances are paid in respect of children under the age of 18. Although payment is normally made to a parent, it may be made to some other person or organization which has assumed responsibility for the maintenance of the child. The legislation provides for annual escalation of the allowance in January of each year in accordance with increases in the consumer price index. The federal monthly rate per child was \$23.89 in 1977 and is \$25.68 in 1978.

A provincial government may request the federal government to vary the rates payable in that province on the basis of the age of the children or the number of children in the family, or both, provided the smallest monthly payment in that province is at least 60% of the federal rate and the average monthly amount paid for all children in that province is equal to the monthly federal rate. The provinces of Alberta and Quebec have exercised this option.

In the province of Prince Edward Island an additional amount of \$10.00 a month is paid by the provincial government for the 5th child and each additional child in a family. Under an agreement between the federal and provincial governments the provincial allowance is included in the federal cheque.

In March 1978, there were 3,594,591 families and other agencies receiving an average of \$52.06 on behalf of 7,139,735 eligible children.

INCOME SECURITY AND SOCIAL ASSISTANCE PROGRAM—Concluded

SUMMARY OF PAYMENTS UNDER THE

OLD AGE SECURITY ACT—Concluded

(in millions of dollars)

	Year Ended March 31				
	1978	1977	1976	1975	1974
Old age security pension	3,668	3,319	3,190	2,607	2,275
Guaranteed income supplement	1,078	1,017	709	838	760
Spouse's allowance	115	101	35		
	4,861	4,437	3,934	3,445	3,035

A basic Old Age Security pension is payable at age 65 to everyone who has met certain residence requirements.

A Guaranteed Income Supplement is an additional amount payable to pensioners who have no other income or only a limited amount. Entitlement is based on income in the preceding calendar year computed in accordance with the Income Tax Act. Where a married couple is concerned their combined income is taken into account.

Spouse's Allowance is payable to the spouse of a pensioner if the spouse is between 60 and 65 years of age and meets the residence requirements. Entitlement is based on the combined income of the couple in the same way as the Guaranteed Income Supplement.

Old Age Security benefits are subject to change in January, April, July and October of each year based on changes in the Consumer Price Index. The benefits in effect as at April 1, 1978 were as follows:

Basic OAS pension	\$156.66
Maximum GIS	
—single person	\$109.88
—married person—spouse not a pensioner	\$109.88
—married couple—both pensioners	\$97.57 each
Maximum monthly Spouse's Allowance	\$254.23

In March 1978, there were 2,075,247 Old Age Security pensioners, of whom 1,136,445 or 54.6% were also receiving a supplement; the average supplement paid was \$82.26. In addition there were 73,835 spouses of pensioners in receipt of Spouse's Allowance. The average Spouse's Allowance was \$135.51.

The New Horizons Program was established in 1972 to encourage and enable retired Canadians to become more actively involved in the life of their community. This objective is accomplished through the payment of contributions to groups of older people to provide them with an opportunity to share their interests, skills and talents in developing and carrying out projects of their own choosing to the benefit of the participants and others in their community.

Total Vote 10 \$435,364,835

URBAN AFFAIRS

CENTRAL MORTGAGE AND HOUSING CORPORATION

Contributions to municipalities to assist in the clearance, replanning, rehabilitation and modernization of blighted or substandard areas, National Housing Act, 1954, C. 23, 1953-54 as amended (12) 9,577,140

Section 23 of the Act authorizes the Corporations, with the approval of the Governor in Council, to enter into agreements with municipalities providing for the payment to a municipality of contributions in respect of one half of the cost to the municipality of acquiring and clearing, whether by condemnation proceedings or otherwise, an area of land in the municipality. The same section authorizes the Corporation to be paid the money required to carry out such agreements. A payment made under this section shall not be greater than the amount by which the aggregate of \$300,000,000 and any additional amounts authorized by Parliament exceeds the total amount of payment made.

Payments to date were \$204,294,625.

Total payments under the Act during the fiscal year to reimburse the Corporation for contributions made to municipalities were \$9,577,140.

Details of payments by city, by province follow:

Year ended March 31, 1978

Year ended March 31, 1977

From inception (including 1978)

Notes:

(1) From Inception (including 1978)

(2) Amends reporting in the previous years' Public Accounts

(3) No contribution is shown to Quebec since the compensation to that province is made in the form of a special individual income tax abatement and a cash adjustment payment as provided for under the Established Programs (Interim Arrangements) Act. Under an agreement authorized by this Act, the total value to Quebec of the special abatement and cash adjustment is equal to what the federal contribution would otherwise have been under the operative federal statute. Refer to Department of Finance (Vol II) for details. See also Miscellaneous Payments by Provinces.

(4) In respect to the fiscal years 1965-66 to 1971-72 inclusive, the Province of Quebec was reimbursed under the provision of the Established Programs (Interim Arrangements) Act.

(5) The contribution shown to Quebec is the amount paid for work activity under Part III of the Canada Assistance Plan which is not covered by the Established Programs (Interim Arrangements) Act.

(6) Maintenance cost of Perley Bridge. Agreement that Federal Government pay 75% and Ontario Government pay 25%. Maintenance Cost of MacDonald Cartier Bridge. Agreement that Federal Government pay 33½%, Ontario Government pay 33½% and Quebec Government pay 33½%.

(7) Redevelopment of inner harbour Victoria, BC. Agreement to share cost with British Columbia Government as per T.B.M.-753630 dated 15/12/77

(8) Includes programs in respect to Comprehensive Rural Development Plans, Agricultural and Rural Development Act (ARDA), Special Areas and Special Highways Agreements, General Development Agreements and federal-provincial research programs.

(9) Does not include an amount of \$6,542 for 1978, \$6,548 for 1977 and \$23,433 since inception not allocated by Provinces.

(10) Contributions, in accordance with terms and conditions prescribed by the Governor-in-council, to the provinces of British Columbia, Alberta, Saskatchewan and Manitoba to assist in extending the network of highways and road facilities in the northern areas of the province.
